

Heat pump manager WPL HT

The heat pump manager takes care of the optimum operation of a heat pump and calculates the most efficient handling of the heating energy. Numerous functions and the combined symbol:plain text display make it incredibly easy to operate this advanced technology. In conjunction with the mixer module, an additional heating circuit and swimming pool can be controlled.

The most important features

- Integral heat meter
- Integral solar control unit
- Pasteurisation control
- Screed heat-up program
- Hours run meter
- Heating and DHW programs
- Suitable for WPL 33 HT standard appliance

Type		
Type	WPMW 2.1	WPMS 2.1
Part no.	230010	230011
Height	215 mm	100 mm
Width	246 mm	150 mm
Depth	140 mm	85 mm

Available from August 2010
